

Responsive Classroom Teacher Certification Assignments Elementary Teacher Applicants

Assignment 1: Use the <u>Responsive Classroom Assessment Tool</u>, Second Edition (2016), to self-assess your practice in all components of <u>Responsive Classroom</u>. Scores must average 4.0 or higher to qualify for certification. You will be required to submit a completed score **tracking sheet** and completed post-assessment **reflection pages** (included in this packet) for each practice from the Assessment Tool. Your responses to the questions should accurately reflect your continued growth plan.

Assignment 2: Engaging Academic Lesson

- Video of an engaging academic lesson you are teaching students
 - o Video length should be 20-30 minutes
 - Engaging academic lesson should be content focused on and aligned to an objective. Please note: Morning Meetings and Responsive Advisory meetings do not meet the criteria for this assignment.
 - o Use the Engaging Academics Video Checklist included in this packet.
- Lesson plan for the academic lesson video
 - o Use the Academic Lesson Planning Sheet included in this packet.
- Written reflection of video focusing on the Four Domains of Responsive Classroom:
 Positive Community, Effective Management, Engaging Academics, and Developmentally
 Responsive Teaching (3-5 pages)
 - o Use the Academic Lesson Reflection Guide included in this packet.

Assignment 3: Student Impact Essay (3-5 pages)

- Explain how implementing *Responsive Classroom* practices has positively impacted your students' growth in both academic and social-emotional skills.
 - o Use the Student Impact Essay Guide included in this packet.

Assignment 4: Provide two letters of recommendation

- One letter from your professional supervisor commenting on your qualities as an
 effective teacher (i.e. relationship to children, overall management and organization of
 class, approaches to instruction); approach to professional development (i.e. ability to
 be reflective about own teaching and response to outside feedback); and, proficiency in
 Responsive Classroom implementation.
- One letter from a colleague who can speak to your qualities as an effective teacher (i.e. relationship to children, overall management and organization of class, approaches to instruction); and, demonstration of *Responsive Classroom* practices and strategies. The colleague you choose may not be another applicant for the RC Certification Program.
- Recommendations should be submitted digitally here: https://www.responsiveclassroom.org/rc-educator-recommendations/

Engaging Academic Lesson Planning Sheet

Refer to your *Responsive Classroom* Course Resource Book for detailed information and strategies as you plan your engaging academic lesson. This lesson plan should identify the following:

Elements of Engagement	Four Domains	Students' Needs
Active	Positive Community	 Belonging
Interactive	Effective Management	 Significance
Appropriately challenging	 Engaging Academics 	• Fun
Purposeful	 Developmentally 	
 Connected to strengths/interests 	Responsive Teaching	
 Provides autonomy/choice 		

Grade Level:	Subject Area:
Number of students in class and present in lesson: _	
Estimated length of lesson:	Date lesson will be conducted:

Objective/Learning Goal(s): What will students be able to do as a result of this lesson?

- Academic Learning Goals
- Social-Emotional Learning Goals

Outline/Sequence of Lesson: Using bullet points to outline the sequence of the lesson is acceptable. Be sure to include enough detail to provide a clear understanding of what will occur in the lesson and specific actions being used to address the Four Domains.

- Opening
- Body
- Closing

Elements of Engaging Academics: *Identify a minimum of 3 of the following elements of engaging academics that will be present in the lesson and describe what the observable indicators are.*

- Active
- Interactive
- Appropriately challenging
- Purposeful
- Connected to strengths and interests
- Provides autonomy/choice

Students' Needs: Explain where and how this lesson will meet the students' needs.

- Belonging
- Significance
- Fun

Assessment: How will you know what students have gained from this lesson?

Engaging Academic Video Checklist

The video submission has clear audio.
All students are visible at times during the lesson.
The lesson is content-focused and addresses academic and social-emotional
objective(s).
The video is aligned with the lesson plan.
The video illustrates elements of engagement, Four Domains, and student
needs being met.
The lesson is between 20 and 30 minutes long.
<i>Note:</i> Video can be edited to fit within the 20-30 minute limit. If edited, elaborate on the edits
below. Example: The lesson was 50 minutes, with group work lasting 25 minutes. The video was
edited to show 5 minutes of group work time to highlight the social-emotional and academic
skills being practiced and to meet the length requirement.
The video demonstrates high level of implementation of Responsive Classroom
teaching practices and strategies.

Engaging Academic Lesson Reflection Guide

Review the academic lesson video and create a **3-5 page** written reflection explaining how the lesson incorporated the following:

Elements of Engagement	Four Domains	Students' Needs
Active	 Positive Community 	Belonging
Interactive	 Effective Management 	 Significance
Appropriately challenging	 Engaging Academics 	• Fun
Purposeful	 Developmentally 	
 Connected to strengths/interests 	Responsive Teaching	
 Provides autonomy/choice 		

Use the following prompts to guide your reflection:

- What went well in this lesson? What were some strengths of your teaching (RC practices used, management, presentation, delivery) as you reflect on this particular lesson?
- What was a time during the lesson that students were most engaged? What might be some
 reasons this piece led to higher engagement for your students than other points in the lesson?
 Challenge yourself to cite specific characteristics of Engaging Academics in your rationale by
 identifying elements that were contributing to students' superior engagement.
- How did you address each of the Four Domains in this academic lesson? Share specific examples from the lesson that illustrate each of the domains.
- What were examples of evidence that students' needs for belonging, significance, and fun were met during this lesson?
- Reflecting on this lesson, what changes would you make to enhance each of the Four Domains?
 What are some action steps you'll take to implement these reflections in future teaching opportunities?

Student Impact Essay Guide

This essay should be **3-5 pages** in length.

Implementing *Responsive Classroom* practices with high fidelity makes learning lively and engaging and helps students to build academic and social-emotional (A+SEL) skills that yield <u>positive student</u> <u>outcomes</u>; proximal, intermediate, and long-term.

Show how implementation of the *Responsive Classroom* philosophy and practices has positively impacted student development of A+SEL skills. Include specific examples of how students exemplified success in A+SEL and what evidence of growth was observed for each of these skills. The essay should focus on student growth, and the vignettes used to describe that growth can combine A+SEL skills from throughout the school year.

Academic Competencies:

- Academic Mindset: Four self-perceptions influence a student's academic mindset: 1) I belong in this academic community; 2) my effort improves my performance; 3) I can succeed at this work; and 4) I see value in this work.
- Academic Perseverance: A student's tendency to complete assignments in a timely and thorough manner and to the best of their ability, despite distractions, obstacles, or level of challenge.
- Learning Strategies: Techniques, processes, and tactics a student uses to 1) learn, think, remember, and recall, 2) monitor their own comprehension and growth, 3) self-correct when they are confused or have an error in thinking, and 4) set and achieve goals and manage their time effectively.
- Academic Behaviors: The ways in which students conduct themselves that support their success
 in school, including such things as regular attendance, arriving ready to work, paying attention,
 participating in instructional activities and class discussions, and devoting out of school time to
 studying and completing assignments and projects.

<u>Social-Emotional Competencies:</u>

- **Cooperation:** Students' ability to establish new relationships, maintain positive relationships and friendships, avoid social isolation, resolve conflicts, accept differences, be a contributing member of the classroom and school community, and work productively and collaboratively with others.
- Assertiveness: Students' ability to take initiative, stand up for their ideas without hurting or
 negating others, seek help, succeed at a challenging task, and recognize their individual self as
 separate from the circumstances or conditions they're in.
- **Responsibility:** Students' ability to motivate themselves to take action and follow through on expectations; to define a problem, consider the consequences, and choose a positive solution.
- **Empathy:** Students ability to "see into" (recognize, understand) another's state of mind or emotions and be receptive to new ideas and perspectives; to appreciate and value differences and diversity in others; to have concern for others' welfare, even when it doesn't benefit or may come at a cost to one's self.
- **Self-Control:** Students' ability to recognize and regulate their thoughts, emotions, and behaviors in order to be successful in the moment and remain on a successful trajectory.

The focus of this essay should be on the trajectory of growth and the positive impacts that your use of *Responsive Classroom* strategies and practices had on your students' development of the academic and social-emotional competencies outlined above. Consider using the graphic organizer below to help plan your essay with the specific examples that highlight student impact and growth. You can also read <u>excerpts of exemplar Student Impact Essays</u> from previous applicants to guide you as you craft your own essay.
