

Strategies to Prevent Bullying Workshop

Strategies to stop bullying before it starts and to respond to bullying behaviors that do arise

Bullying and other forms of unkind behavior can creep into your classroom without you noticing. In this one-day workshop, learn how to proactively prevent bullying and unkind behavior through building a strong classroom community in which students get to know each other, and stop this kind of behavior when it does arise by recognizing and responding to gateway behaviors. Gain a deeper understanding of how key *Responsive Classroom* strategies create an inclusive environment to prevent bullying and dive into new strategies that support students working together.

Key Features

- Identify, understand, and respond to bullying, cyberbullying, and gateway behaviors
- Prevent bullying by fostering community, cooperation, and inclusivity
- Examine and create lesson plans to specifically teach about aspects of bullying

“
