

Elementary Advanced Course

Increase your knowledge and strengthen your application of the *Responsive Classroom* approach

In this interactive four-day course, you will deepen your knowledge and strengthen your implementation of the *Responsive Classroom* approach as you refine familiar strategies and practices while learning and expanding upon new ones. Using the rich resources *The Joyful Classroom* and *Teaching Self-Discipline*, the advanced course enables you to consider your unique context and setting and more effectively apply the approach with individual students, the class, and the school community.

Key Features

- Use rubrics from the *Responsive Classroom Assessment Tool* to assess your current practices and focus your learning for the week
- Plan new practices for implementation such as class meetings and problem-solving conferences
- Refine and plan Interactive Modeling and role-play for non-classroom spaces like hallways, cafeteria, and bathrooms
- Learn and review language of learning lessons to target academic competencies
- Create and compile plans of *Responsive Classroom* practices into a portfolio for future implementation

“

Exhilarating—informative and well worth attending.

—Ernest, 2020 participant

I would recommend this workshop to colleagues. I have implemented some of the *Responsive Classroom* practices and feel it has improved the learning and sense of community.

—Paula, 2020 participant

Super interesting content and really relevant.
