

Sustaining Responsive Classroom Momentum

One-day workshop

Suitable for educators of grades pre-K–6

Maintain focus, enthusiasm, and consistency with the *Responsive Classroom* approach.

Develop strategies to help you and your students stay motivated and focused as you capitalize on the momentum of learning in your classroom. Deepen your understanding of current *Responsive Classroom* practices that support change.

Important Details

1. **Prerequisite:** Participants work in a school where teachers have completed the Responsive Classroom Elementary Core Course
2. **Resources included:**
 - Sustaining Responsive Classroom Momentum Resource Book

“ A great informational class with excellent suggestions and resources.

—Jason, participant

”

Agenda

- Sustaining Morning Meeting
- Planning the First Six Weeks
- Implementing Quiet Time
- Addressing Developmental Changes
- Strategies for Addressing Change
- Staying Motivated and Focused
- Using Closing Circle
- Ending the Year Strong

Participants will:

Revisit structures that organize the school day to meet students' needs

Discover strategies for reflection to provide time to pause, regroup, and recharge

Explore practices that help students adapt to changes and challenges throughout the year
