Responsive Classroom®

Stop Disruptive Behavior

One-day workshop
Suitable for educators of grades PreK—12

Create a productive learning environment by addressing disruptions with confidence.

Disruptions can derail learning, drain your energy, and steal valuable teaching time, even in the best-run classrooms. Build the confidence and skills to handle common misbehavior consistently and effectively, without escalating the situation or compromising student dignity. With clear, practical strategies, you'll keep your classroom focused and spend more time teaching and less time managing behavior.

Agenda

- Understanding Disruptive Behaviors
- Goals for Responding
- Leveraging Proximity and Other Cues
- Using Redirecting Language
- Applying Logical Consequences
- Planning Next Steps

Resources included:

- *Strategies to Stop Disruptive Behavior Resource Book*

"
I feel more confident in handling disruptions calmly and effectively.
—**Vince S**., seventh-grade teacher
"

"
I am excited to use these strategies to keep my students on track without losing valuable teaching time.
—**Maura D**., fourth-grade teacher
"

Participants will:

Identify and analyze common disruptive behaviors and discuss possible underlying causes

Practice strategies for effectively de-escalating or preventing disruptive behavior

Learn how to apply logical consequences to address misbehavior while preserving student dignity

Collaborate with peers to develop action plans for preventing and addressing disruptions with consistency
